# DTR 2 Disclosure and control of inside information by issuers

## Section : DTR 2.1 Introduction and purpose

---

### Introduction

---

- DTR 2.1.1** **G** An *issuer* should be aware that matters that fall within the scope of this chapter may also fall within the scope of:
- (1) the market abuse regime set out in the *Market Abuse Regulation*;
  - (2) Part 7 (Offences relating to Financial Services) of the *Financial Services Act 2012* relating to misleading statements and practices;
  - (3) *Part V* of the Criminal Justice Act 1993 relating to insider dealing; and
  - (4) the *Takeover Code*.

- DTR 2.1.2** **G** An *issuer* that is involved in a matter which also falls within the scope of the *Takeover Code* should be mindful of its obligations under the *Market Abuse Regulation*.

### Purpose

---

- DTR 2.1.3** **G** The purpose of this chapter is to:
- (1) promote prompt and fair disclosure of relevant information to the market; and
  - (2) give guidance on aspects relating to disclosure of such information, including the circumstances allowing delayed disclosure.

## Section : DTR 2.2 Disclosure of inside information

### Requirement to disclose inside information

DTR 2.2.1 R [Note: see *DTR 6.3.2R*, regarding the disclosure of *inside information*]

DTR 2.2.1A UK [article 17(1) of the *Market Abuse Regulation*]

### Identifying inside information

DTR 2.2.3 G Information is *inside information* if each of the criteria in the definition of *inside information* is met.

DTR 2.2.4 G

- (1) [Note: article 7(4) of the *Market Abuse Regulation*]
- (2) In determining whether information would be likely to have a significant effect on the price of *financial instruments*, an *issuer* should be mindful that there is no figure (percentage change or otherwise) that can be set for any *issuer* when determining what constitutes a significant effect on the price of the *financial instruments* as this will vary from *issuer* to *issuer*.

DTR 2.2.5 G An *issuer* may wish to take account of the following factors when considering whether the information in question would be likely to be used by a reasonable investor as part of the basis of his investment decisions:

- (1) the significance of the information in question will vary widely from *issuer* to *issuer*, depending on a variety of factors such as the *issuer's* size, recent developments and the market sentiment about the *issuer* and the sector in which it operates; and
- (2) the likelihood that a reasonable investor will make investment decisions relating to the relevant *financial instrument* to maximise his economic self interest.

DTR 2.2.6 G It is not possible to prescribe how the reasonable investor test will apply in all possible situations. Any assessment may need to take into consideration the anticipated impact of the information in light of the totality of the *issuer's* activities, the reliability of the source of the information and other market variables likely to affect the relevant *financial instrument* in the given circumstances. However, information which is likely to be considered relevant to a reasonable investor's decision includes information which affects:

- (1) the assets and liabilities of the *issuer*;
- (2) the performance, or the expectation of the performance, of the *issuer's* business;
- (3) the financial condition of the *issuer*;
- (4) the course of the *issuer's* business;
- (5) major new developments in the business of the *issuer*; or
- (6) information previously disclosed to the market.

DTR 2.2.7

G

An *issuer* and its advisers are best placed to make an initial assessment of whether particular information amounts to *inside information*. The decision as to whether a piece of information is *inside information* may be finely balanced and the *issuer* (with the help of its advisers) will need to exercise its judgement.

**Note:** *DTR 2.7* provides additional guidance on dealing with market rumour.

DTR 2.2.8

G

The *directors* of the *issuer* should carefully and continuously monitor whether changes in the circumstances of the *issuer* are such that an announcement obligation has arisen under article 17 of the *Market Abuse Regulation*.

### When to disclose inside information

(2) If an *issuer* is faced with an unexpected and significant event, a short delay may be acceptable if it is necessary to clarify the situation. In such situations a holding announcement should be used where an *issuer* believes that there is a danger of *inside information* leaking before the facts and their impact can be confirmed. The holding announcement should:

- (a) detail as much of the subject matter as possible;
- (b) set out the reasons why a fuller announcement cannot be made; and
- (c) include an undertaking to announce further details as soon as possible.

(3) If an *issuer* is unable, or unwilling to make a holding announcement it may be appropriate for the trading of its *financial instruments* to be suspended until the *issuer* is in a position to make an announcement.

(4) An *issuer* that is in any doubt as to the timing of announcements required under the *Market Abuse Regulation* should consult the *FCA* at the earliest opportunity.

### Communication with third parties

---

DTR 2.2.10

G

The *FCA* is aware that many *issuers* provide unpublished information to third parties such as analysts, employees, credit rating agencies, finance providers and major shareholders, often in response to queries from such parties. The fact that information is unpublished does not in itself make it *inside information*. However, unpublished information which amounts to *inside information* is only permitted to be disclosed in accordance with the requirements of the *Market Abuse Regulation*.

## Section : DTR 2.5 Delaying disclosure of inside information

### Delaying disclosure

DTR 2.5.1A UK [article 17(4), (5) and (8) of the *Market Abuse Regulation*]

DTR 2.5.1B G *Issuers* should be aware that *ESMA* has issued guidelines under article 17(11) of the *Market Abuse Regulation* which contain a non-exhaustive indicative list of the legitimate interests of *issuers* to delay disclosure of *inside information* and situations in which delayed disclosure is likely to mislead the public: see the *ESMA MAR delayed disclosure guidelines*.

### Legitimate interests and when delay will not mislead the public

DTR 2.5.2 G

(1) Delaying disclosure of *inside information* will not always mislead the public, although a developing situation should be monitored so that if circumstances change an immediate disclosure can be made.

(2) Investors understand that some information must be kept confidential until developments are at a stage when an announcement can be made without prejudicing the legitimate interests of the *issuer*.

DTR 2.5.4 G

(1) In the *FCA's* opinion, paragraph 5(1)(8)(a) of the *ESMA MAR delayed disclosure guidelines* does not envisage that an *issuer* will:

- (a) delay public disclosure of the fact that it is in financial difficulty or of its worsening financial condition and is limited to the fact or substance of the negotiations to deal with such a situation; or
- (b) delay disclosure of *inside information* on the basis that its position in subsequent negotiations to deal with the situation will be jeopardised by the disclosure of its financial condition.

(2) Paragraph 5(1)(8)(c) of the *ESMA MAR delayed disclosure guidelines* refers to an *issuer* with a dual board structure (e.g. a management board and supervisory board) delaying the disclosure of *inside information* in certain circumstances. As this paragraph is not relevant to an *issuer* with a unitary board structure it should only be relevant to a very limited number of *issuers* in the *United Kingdom*.

DTR 2.5.5 G An *issuer* should not be obliged to disclose impending developments that could be jeopardised by premature disclosure. Whether or not an *issuer* has a legitimate interest which would be prejudiced by the disclosure of certain *inside information* is an assessment which must be made by the *issuer* in the first instance.

[ **Note:** article 17(5) of the *Market Abuse Regulation* ]

### Selective disclosure

DTR 2.5.6A UK [article 17(8) of the *Market Abuse Regulation*]

DTR 2.5.7

G

(1) [deleted]

(2) Selective disclosure cannot be made to any *person* simply because they owe the *issuer* a duty of confidentiality. An *issuer* may, however, depending on the circumstances, be justified in disclosing *inside information* to certain categories of recipient (in addition to those employees of the *issuer* who require the information to perform their functions) as long as the recipients are bound by a duty of confidentiality. For example, an *issuer* contemplating a major transaction may selectively disclose details of the proposed transaction to major shareholders in order to ensure the viability of the transaction (whether or not the proposed transaction requires prior shareholder approval), or to its lenders and/or credit-rating agency where the transaction could significantly impact its lending or credit rating, as long as the recipients are bound by a duty of confidentiality. The categories of recipient may include, but are not limited to, the following:

- (a) the *issuer's* advisers and advisers of any other *persons* involved in the matter in question;
- (b) *persons* with whom the *issuer* is negotiating, or intends to negotiate, any commercial financial or investment transaction (including prospective underwriters or placees of the *financial instruments* of the *issuer*);
- (c) employee representatives or trade unions acting on their behalf;
- (d) any government department, the Bank of England, the Competition Commission or any other statutory or regulatory body or authority;
- (e) major shareholders of the *issuer*;
- (f) the *issuer's* lenders; and
- (g) credit-rating agencies.

[ **Note:** article 17(5) of the *Market Abuse Regulation* ]

DTR 2.5.8

G

Selective disclosure to any or all of the *persons* referred to in *DTR 2.5.7 G* may not be justified in every circumstance where an *issuer* delays disclosure in accordance with article 17(4) and (5) of the *Market Abuse Regulation*.

DTR 2.5.9

G

An *issuer* should bear in mind that the wider the group of recipients of *inside information* the greater the likelihood of a leak which will trigger full public disclosure of the information under article 17(8) of the *Market Abuse Regulation*.

## Section : DTR 2.6 Control of inside information

---

### Denying access to inside information

---

**DTR 2.6.1** **G** An *issuer* should establish effective arrangements to deny access to *inside information* to *persons* other than those who require it for the exercise of their functions within the *issuer*.

### Breach of confidentiality

---

**DTR 2.6.2A** **UK** [article 17(7) of the *Market Abuse Regulation*]

**DTR 2.6.3** **G** If an *issuer* is relying on article 17(4) or 17(5) of the *Market Abuse Regulation* to delay the disclosure of *inside information* it should prepare a holding announcement to be disclosed in the event of an actual or likely breach of confidence. Such a holding announcement should include the details set out in *DTR 2.2.9 G (2)*.

**DTR 2.6.4** **G** We recognise that an *issuer* may not be responsible for breach of article 17(4) or 17(5) of the *Market Abuse Regulation* if a recipient of *inside information* under article 17 of the *Market Abuse Regulation* breaches his duty of confidentiality.

## Section : DTR 2.7 Dealing with rumours

---

DTR 2.7.1

G

Where there is press speculation or market rumour regarding an *issuer*, the *issuer* should assess whether a disclosure obligation arises under article 17(1) of the *Market Abuse Regulation*. To do this an *issuer* will need to carefully assess whether the speculation or rumour has given rise to a situation where the *issuer* has *inside information*.

DTR 2.7.3

G

The knowledge that press speculation or market rumour is false may not amount to *inside information*. If it does amount to *inside information*, the *FCA* expects that there may be cases where an *issuer* would be able to delay disclosure in accordance with article 17(4) or 17(5) of the *Market Abuse Regulation*.

# DTR 5 Vote Holder and Issuer Notification Rules

## Section : DTR 5.1 Notification of the acquisition or disposal of major shareholdings

DTR 5.1.1

R

In this chapter:

- (1) references to an "*issuer*", in relation to *shares* admitted to trading on a *regulated market*, are to an *issuer* whose *shares* are admitted to trading on a *regulated market*;
- (2) references to a "non-UK *issuer*" are to an *issuer* whose *shares* are admitted to trading on a *regulated market* other than:
  - (a) a public company within the meaning of section 4(2) of the Companies Act 2006; and
  - (b) a company which is otherwise incorporated in, and whose principal place of business is in, the *UK*;
- (3) references to "*shares*" are to *shares* which are:
  - (a) already issued and carry rights to vote which are exercisable in all circumstances at general meetings of the *issuer* including *shares* (such as preference *shares*) which, following the exercise of an option for their conversion, event of default or otherwise, have become fully enfranchised for voting purposes; and
  - (b) admitted to trading on a *regulated* or *prescribed market*;
- (4) an acquisition or disposal of *shares* is to be regarded as effective when the relevant transaction is executed unless the transaction provides for settlement to be subject to conditions which are beyond the control of the parties in which case the acquisition or disposal is to be regarded as effective on the settlement of the transaction; and
- (5) [deleted]
- (6) for the purposes of calculating whether any percentage threshold is reached, exceeded or fallen below and in any resulting notification, the proportion of voting rights held shall if necessary be rounded down to the next whole number.

DTR 5.1.2

R

A *person* must notify the *issuer* of the percentage of its voting rights he holds as *shareholder* or holds or is deemed to hold through his direct or indirect holding of financial instruments falling within *DTR 5.3.1R (1)* (or a combination of such holdings) if the percentage of those voting rights:

- (1) reaches, exceeds or falls below 3%, 4%, 5%, 6%, 7%, 8%, 9%, 10% and each 1% threshold thereafter up to 100% (or in the case of a non-UK *issuer* on the basis of thresholds at 5%, 10%, 15%, 20%, 25%, 30%, 50% and 75%) as a result of an acquisition or disposal of *shares* or financial instruments falling within *DTR 5.3.1 R*; or
- (2) reaches, exceeds or falls below an applicable threshold in (1) as a result of events changing the breakdown of voting rights and on the basis of information disclosed by the issuer in accordance with *DTR 5.6.1 R* and *DTR 5.6.1A R*;

and in the case of an issuer which is not incorporated in the *United Kingdom* a notification under (2) must be made on the basis of equivalent events and disclosed information.

[**Note:** articles 9(1), 9(2), 13(1) and 13a(1) of the *TD*]

## Certain voting rights to be disregarded

DTR 5.1.3

R

Voting rights attaching to the following *shares* are to be disregarded for the purposes of determining whether a person has a notification obligation in accordance with the thresholds in *DTR 5.1.2 R*:

(1)

(a) *shares* acquired; or(b) *shares* underlying financial instruments within *DTR 5.3.1R(1)* to the extent that such financial instruments are acquired;

for the sole purpose of clearing and settlement within a settlement cycle not exceeding the period beginning with the transaction and ending at the close of the third *trading day* following the day of the execution of the transaction (irrespective of whether the transaction is conducted on-exchange);

(2)

(a) *shares* held; or(b) *shares* underlying financial instruments within *DTR 5.3.1R(1)* to the extent that such financial instruments are held;

by a custodian (or nominee) in its custodian (or nominee) capacity (whether operating from an establishment in the UK or elsewhere) provided such a *person* can only exercise the voting rights attached to such *shares* under instructions given in writing or by *electronic means*;

(3)

(a) *shares* held; or(b) *shares* underlying financial instruments within *DTR 5.3.1R(1)* to the extent that such financial instruments are held;

by a *market maker* acting in that capacity subject to the percentage of such *shares* not being equal to or in excess of 10% and subject to the *market maker* satisfying the criteria and complying with the conditions and operating requirements set out in *DTR 5.1.4 R*;

(4)

(a) *shares* held; or(b) *shares* underlying financial instruments within *DTR 5.3.1R(1)* to the extent that such financial instruments are held;

by a *credit institution* or *investment firm* provided that:

(i) the *shares*, or financial instruments, are held within the *trading book* of the *credit institution* or *investment firm*;(ii) the voting rights attached to such *shares* do not exceed 5%; and(iii) the voting rights attached to *shares* in, or related to financial instruments in, the *trading book* are not exercised or otherwise used to intervene in the management of the *issuer*.

(5) *shares* held by a collateral taker under a collateral transaction which involves the outright transfer of *securities* provided the collateral taker does not declare any intention of exercising (and does not exercise) the voting rights attaching to such

*shares*.

(6) [deleted]

(7) *shares* acquired for stabilisation purposes in accordance with the *Buy-back and Stabilisation Regulation*, if the voting rights attached to those *shares* are not exercised or otherwise used to intervene in the management of the *issuer*.

[Note: articles 9(4), 9(5), 9(6), 9(6a), 10(c) and 13(4) of the *TD*]

DTR 5.1.4

R

(1) References to a *market maker* are to a *market maker* which:

(a) (subject to (3) below) is authorised by the *FCA* or the *PRA* under the *United Kingdom* provisions which implemented *MiFID*;

(b) does not intervene in the management of the *issuer* concerned; and

(c) does not exert any influence on the *issuer* to buy such *shares* or back the *share* price.

[Note: articles 9(5) and 9(6) of the *TD*]

(2) A *market maker* relying upon the exemption for *shares* or financial instruments within *DTR 5.3.1R(1)* held by it in that capacity must notify the *FCA*, at the latest within the time limit provided for by *DTR 5.8.3 R*, that it conducts or intends to conduct market making activities on a particular *issuer* (and shall equally make such a notification if it ceases such activity).

[Note: article 6(1) of the *TD implementing Directive*]

(3) References to a *market maker* also include a *third country investment firm* and a *credit institution* when acting as a *market maker* and which, in relation to that activity, is subject to regulatory supervision under the laws of the *United Kingdom*.

## Aggregation of holdings

DTR 5.1.4A

UK

The *TD Major Holdings Regulation* provides that:

Recital 2

The thresholds for the market making and trading book exemptions should be calculated by aggregating voting rights relating to shares with voting rights related to financial instruments (that is entitlements to acquire shares and financial instruments considered to be economically equivalent to shares) in order to ensure consistent application of the principle of aggregation of all holdings of financial instruments subject to notification requirements and to prevent a misleading representation of how many financial instruments related to an issuer are held by an entity benefiting from those exemptions.

Article 2

### Aggregation of holdings

For the purpose of calculation of the thresholds referred to in [*DTR 5.1.3R(3)* and (4)], holdings under United Kingdom law corresponding to Articles 9, 10 and 13 of Directive 2004/109/EC shall be aggregated.

## Aggregation of holdings in the case of a group

DTR 5.1.4B

UK

The *TD Major Holdings Regulation* provides that:

## Recital 3

In order to provide an adequate level of transparency in the case of a group of companies, and to take into account the fact that, where a parent undertaking has control over its subsidiaries, it may influence their management, the thresholds should be calculated at group level. Therefore all holdings owned by a parent undertaking of a credit institution or investment firm and subsidiary companies should be disclosed when the total sum of the holdings reaches the notification threshold.

## Article 3

**Aggregation of holdings in the case of a group**

For the purpose of calculation of the thresholds referred to in [DTR 5.1.3R(3) and (4)] in the case of a group of companies, holdings shall be aggregated at group level according to the principle laid down in [DTR 5.2.1R(e)].

**Certain voting rights to be disregarded (except at 5% 10% and higher thresholds)**

DTR 5.1.5

R

(1) The following are to be disregarded for the purposes of determining whether a *person* has a notification obligation in accordance with the thresholds in DTR 5.1.2 R except at the thresholds of 5% and 10% and above:

(a) voting rights attaching to *shares* forming part of property belonging to another which that *person* lawfully manages under an agreement in, or evidenced in, writing;

(b) voting rights attaching to *shares* which may be exercisable by a *person* in his capacity as the operator of:

- (i) an *authorised unit trust scheme*;
- (ia) an *authorised contractual scheme*;
- (ii) a *recognised scheme*; or
- (iii) a *UCITS scheme*;

(c) voting rights attaching to *shares* which may be exercisable by an *ICVC*.

(d) [deleted]

(2) For the purposes of DTR 5.1.5 R (1)(a), a *person* ("A") may lawfully manage *investments* belonging to another if:

(a) A can manage those *investments* in accordance with a *Part 4A permission*;

(b) [deleted]

(c) A can, in accordance with *section 327* of the *Act*, manage those *investments* without contravening the prohibition contained in *section 19* of the *Act*;

(d) [deleted]

(e) A can lawfully manage those *investments* in a *third country* and would, if he were to manage those *investments* in the *UK*, require a *Part 4A permission*.

## Section : DTR 5.2 Acquisition or disposal of major proportions of voting rights

DTR 5.2.1

R

A *person* is an indirect holder of *shares* for the purpose of the applicable definition of *shareholder* to the extent that he is entitled to acquire, to dispose of, or to exercise voting rights in any of the following cases or a combination of them:

Case	
(a)	voting rights held by a third party with whom that <i>person</i> has concluded an agreement, which obliges them to adopt, by concerted exercise of the voting rights they hold, a lasting common policy towards the management of the <i>issuer</i> in question;
(b)	voting rights held by a third party under an agreement concluded with that <i>person</i> providing for the temporary transfer for consideration of the voting rights in question;
(c)	voting rights attaching to <i>shares</i> which are lodged as collateral with that <i>person</i> provided that <i>person</i> controls the voting rights and declares its intention of exercising them;
(d)	voting rights attaching to <i>shares</i> in which that <i>person</i> has the life interest;
(e)	voting rights which are held, or may be exercised within the meaning of points (a) to (d) or, in cases (f) and (h) by a <i>person</i> undertaking investment management, or by a <i>management company</i> , by an undertaking controlled by that <i>person</i> ;
(f)	voting rights attaching to <i>shares</i> deposited with that <i>person</i> which the person can exercise at its discretion in the absence of specific instructions from the <i>shareholders</i> ;
(g)	voting rights held by a third party in his own name on behalf of that <i>person</i> ;
(h)	voting rights which that <i>person</i> may exercise as a proxy where that <i>person</i> can exercise the voting rights at his discretion in

Case	
	the absence of specific instructions from the <i>shareholders</i> .

[Note: article 10 of the *TD*]

DTR 5.2.2

- G** Cases (a) to (h) in *DTR 5.2.1 R* identify situations where a *person* may be able to control the manner in which voting rights are exercised and where, (taking account of any aggregation with other holdings) a notification to the *issuer* may need to be made. In the *FCA's* view:
- (1) Case (e) produces the result that it is always necessary for the *parent undertaking* of a *controlled undertaking* to aggregate its holding with any holding of the *controlled undertaking* (subject to the exemptions implicit in Case (e) and others in *DTR 5.4*);
  - (2) Case (f) includes a *person* carrying on investment management and which is also the custodian of *shares* to which voting rights are attached;
  - (3) Case (g) does not result in a Unitholder in a *collective investment scheme* or other investment entity being treated as the holder of voting rights in the scheme property (provided always such persons do not have any entitlement to exercise, or control the exercise of, such voting rights); neither are such persons to be regarded as holding *shares* "indirectly";
  - (4) Case (h), although referring to proxies, also describes and applies to a *person* undertaking investment management, and to a *management company*, and which is able effectively to determine the manner in which voting rights attached to *shares* under its control are exercised (for example through instructions given directly or indirectly to a nominee or independent custodian). Case (e) provides for the voting rights which are under the control of such a *person* to be aggregated with those of its *parent undertaking*.

DTR 5.2.3

- G** A *person* falling within Cases (a) to (h) is an indirect holder of *shares* for the purpose of the definition of *shareholder*. These indirect holdings have to be aggregated, but also separately identified in a notification to the *issuer*. Apart from those identified in the Cases (a) to (h), the *FCA* does not expect any other significant category "indirect shareholder" to be identified. Cases (a) to (h) are also relevant in determining whether a *person* is an indirect holder of financial instruments within *DTR 5.3.1R(1)(a)* which result in an entitlement to acquire *shares*.

DTR 5.2.4

- R** *DTR 5.1.2 R* and case (c) of *DTR 5.2.1 R* do not apply in respect of voting rights attaching to *shares* provided to or by the Bank of England in carrying out its functions as a monetary authority, including *shares* provided to or by the Bank of England under a pledge or repurchase of similar agreement for liquidity granted for monetary policy purposes or within a payments system provided:
- (1) this shall apply only for a short period following the provision of the *shares*; and
  - (2) the voting rights attached to the shares during this period are not exercised.

[Note: article 11 of the *TD*.]

DTR 5.2.5

R

(1) A *person* who is required to make a notification may, without affecting their responsibility, appoint another *person* to make the notification on his behalf.

(2) Where two or more *persons* are required to make a notification such *persons* may, without affecting their responsibility, arrange for a single notification to be made.

**[Note: article 8(3) of the *TD implementing Directive*.]**

## Section : DTR 5.3 Notification of voting rights arising from the holding of certain financial instruments

DTR 5.3.1

R

(1) A *person* must make a notification in accordance with the applicable thresholds in *DTR 5.1.2R* in respect of any financial instruments which they hold, directly or indirectly, which:

(a) on maturity give the holder, under a formal agreement, either the unconditional right to acquire or the discretion as to the holder's right to acquire, *shares* to which voting rights are attached, already issued, of an *issuer*, or

(b) are not included in (a) but which are referenced to *shares* referred to in (a) and with economic effect similar to that of the financial instruments referred to in (a), whether or not they confer a right to a physical settlement.

[Note: article 13(1) of the *TD*]

(2) [deleted]

(2A) [deleted]

(3) [deleted]

(4) [deleted]

(5) [deleted]

DTR 5.3.2

R

For the purposes of *DTR 5.3.1 R (1)(a)*:

(1) [deleted]

(2) [deleted]

(3) a "formal agreement" means an agreement which is binding under applicable law.

[Note: article 2(1)(q) of the *TD*]

DTR 5.3.2A

G

The FCA maintains a published indicative list of financial instruments that are subject to notification requirements according to *DTR 5.3.1R*.

[Note: article 13(1b) of the *TD*]

DTR 5.3.2B

UK

The *TD Major Holdings Regulation* provides that:

Recital 8

To decrease the number of meaningless notifications to the market, the trading book exemption should apply to financial instruments held by a natural person or legal entity fulfilling orders received from clients, responding to a client's request to trade otherwise than on a proprietary basis or hedging positions arising out of such dealings.

Article 6

### Client-serving transactions

The exemption referred to in [*DTR 5.1.3R(4)*] shall apply to financial instruments held by a natural person or legal entity fulfilling orders received from clients, responding to a client's request to trade otherwise than on a proprietary basis, or hedging positions arising out of

such dealings.

DTR 5.3.3

G

(1) For the purposes of *DTR 5.3.1R (1)(a)*, financial instruments within *DTR 5.3.1R(1)(a)* should be taken into account in the context of notifying major holdings, to the extent that such instruments give the holder an unconditional right to acquire the underlying shares or cash on maturity. Consequently, financial instruments financial instruments within *DTR 5.3.1R(1)(a)* should not be considered to include instruments entitling the holder to receive shares depending on the price of the underlying share reaching a certain level at a certain moment in time. Nor should they be considered to cover those instruments that allow the instrument issuer or a third party to give shares or cash to the instrument holder on maturity.

**[Note:** Recital 13 of the *TD implementing Directive*]

(2) [deleted]

DTR 5.3.3A

R

The number of voting rights must be calculated by reference to the full notional amount of *shares* underlying the financial instrument except where the financial instrument provides exclusively for a cash settlement, in which case the number of voting rights must be calculated on a “delta-adjusted” basis, by multiplying the notional amount of underlying *shares* by the delta of the financial instrument. For this purpose, the holder must aggregate and notify all financial instruments relating to the same underlying *issuer*. Only long positions are to be taken into account for the calculation of voting rights. Long positions are not to be netted with short positions relating to the same underlying *issuer*.

**[Note:** article 13(1a) of the *TD*]

DTR 5.3.3B

UK

The *TD Major Holdings Regulation* provides that:

Recital 4

The disclosure regime for financial instruments that have a similar economic effect to shares should be clear. Requirements to provide exhaustive details of the structure of corporate ownership should be proportionate to the need for adequate transparency in major holdings, the administrative burdens those requirements place on holders of voting rights and the flexibility in the composition of a basket of shares or an index. Therefore, financial instruments referenced to a basket of shares or an index should only be aggregated with other holdings in the same issuer when the holding of voting rights through such instruments is significant or the financial instrument is not being used primarily for investment diversification purposes.

Recital 5

It would not be cost-efficient for an investor to build a position in an issuer through holding a financial instrument referenced to different baskets or indices. Therefore, holdings of voting rights through a financial instrument referenced to a series of baskets of shares or indices which are individually under the established thresholds should not be accumulated.

Article 4

**Financial instruments referenced to a basket of shares or an index**

1. Voting rights referred to in [*DTR 5.3.3AR*] in the case of a financial instrument referenced to a basket of shares or an index shall be calculated on the basis of the weight of the share

in the basket of shares or index where any of the following conditions apply:

- (a) the voting rights in a specific issuer held through financial instruments referenced to the basket or index represent 1% or more of voting rights attached to shares of that issuer;
- (b) the shares in the basket or index represent 20% or more of the value of the securities in the basket or index.

2. Where a financial instrument is referenced to a series of baskets of shares or indices, the voting rights held through the individual baskets of shares or indices shall not be accumulated for the purpose of the thresholds set out in paragraph 1.

DTR 5.3.3C

UK

The *TD Major Holdings Regulation* provides that:

Recital 6

Financial instruments which provide exclusively for a cash settlement should be accounted for on a delta-adjusted basis, with cash position having delta 1 in the case of financial instruments having a linear, symmetric pay-off profile in line with the underlying share and using a generally accepted standard pricing model in the case of financial instruments which do not have a linear, symmetric pay-off profile in line with the underlying share.

Recital 7

In order to ensure that information about the total number of voting rights accessible to the investor is as accurate as possible, delta should be calculated daily taking into account the last closing price of the underlying share.

Article 5

#### **Financial instruments providing exclusively for a cash settlement**

1. The number of voting rights referred to in [DTR 5.3.3AR] relating to financial instruments which provide exclusively for a cash settlement, with a linear, symmetric pay-off profile with the underlying share shall be calculated on a delta-adjusted basis with cash position being equal to 1.

2. The number of voting rights relating to an exclusively cash-settled financial instrument without a linear, symmetric pay-off profile with the underlying share shall be calculated on a delta-adjusted basis, using a generally accepted standard pricing model.

3. A generally accepted standard pricing model shall be a model that is generally used in the finance industry for that financial instrument and that is sufficiently robust to take into account the elements that are relevant to the valuation of the instrument. The elements that are relevant to the valuation shall include at least all of the following:

- (a) interest rate;
- (b) dividend payments;
- (c) time to maturity;
- (d) volatility;
- (e) price of underlying share.

4. When determining delta the holder of the financial instrument shall ensure all of the following:

- (a) that the model used covers the complexity and risk of each financial instrument;
- (b) that the same model is used in a consistent manner for the calculation of the number of voting rights of a given financial instrument.

5. Information technology systems used to carry out the calculation of delta shall ensure consistent, accurate and timely reporting of voting rights.

6. The number of voting rights shall be calculated daily, taking into account the last closing price of the underlying share. The holder of the financial instrument shall notify the issuer when that holder reaches, exceeds or falls below the applicable thresholds provided for in [DTR 5.1.2R].

DTR 5.3.4

R

The holder of financial instruments within DTR 5.3.1R(1)(a), and, to the extent relevant, financial instruments within DTR 5.3.1R(1)(b), is required to aggregate and, if necessary, notify all such instruments as relate to the same underlying issuer.

[Note: article 13(1) of the TD]

DTR 5.3.5

R

A person making a notification in accordance with DTR 5.1.2R must, if their holding includes financial instruments within DTR 5.3.1R(1):

(1) include a breakdown by type of financial instruments held in accordance with DTR 5.3.1R(1)(a) and financial instruments held in accordance with DTR 5.3.1R(1)(b); and

(2) distinguish between the financial instruments which confer a right to:

(a) physical settlement; and

(b) cash settlement.

[Note: article 13(1) of the TD]

## Section : DTR 5.4 Aggregation of managed holdings

DTR 5.4.1

R

(1) The *parent undertaking* of a *management company* shall not be required to aggregate its holdings with the holdings managed by the *management company* in accordance with the *United Kingdom* provisions which implemented the *UCITS Directive*, provided such *management company* exercises its voting rights independently from the *parent undertaking*.

(2) But the requirements for the aggregation of holdings applies if the *parent undertaking*, or another *controlled undertaking* of the *parent undertaking*, has invested in holdings managed by such *management company* and the *management company* has no discretion to exercise the voting rights attached to such holdings and may only exercise such voting rights under direct or indirect instructions from the *parent* or another *controlled undertaking* of the *parent undertaking*.

[Note: articles 12(4) of the *TD* ]

DTR 5.4.2

R

(1)

The *parent undertaking* of an *investment firm* authorised by the *FCA* or the *PRA* under the *United Kingdom* provisions which implemented *MiFID* shall not be required to aggregate its holdings with the holdings which such *investment firm* manages on a client-by-client basis when undertaking *portfolio management*, provided that:

1. (a) the *investment firm* is authorised to provide such portfolio management;
2. (b)

it may only exercise the voting rights attached to such *shares* under instructions given in writing or by *electronic means* or it ensures that individual portfolio management services are conducted independently of any other services under conditions equivalent to those provided for under the *UCITS Directive* by putting into place appropriate mechanisms; and

3. (c)

the *investment firm* exercises its voting rights independently from the *parent undertaking*.

(2)

But the requirements for the aggregation of holdings applies if the *parent undertaking*, or another *controlled undertaking* of the *parent undertaking*, has invested in holdings managed by such *investment firm* and the *investment firm* has no discretion to exercise the voting rights attached to such holdings and may only exercise such voting rights under direct or indirect instructions from the parent or another *controlled undertaking* of the *parent undertaking*.

[Note: article 12(5) of the *TD* ]

DTR 5.4.3

R

For the purposes of the exemption to the aggregation of holdings provided in *DTR 5.4.1 R* or *DTR 5.4.2 R*, a *parent undertaking* of a *management company* or of an *investment firm* shall comply with the following conditions:

(1) it must not interfere by giving direct or indirect instructions or in any other way in the exercise of the voting rights held by the *management company* or *investment firm*; and

(2) that *management company* or *investment firm* must be free to exercise, independently of the *parent undertaking*, the voting rights attached to the assets it manages.

The requirement in (1) shall imply as a minimum that the *parent undertaking* and the *management company* or *investment firm* must have established written policies and procedures reasonably designed to prevent the distribution of information between the *parent undertaking* and the *management company* or *investment firm* in relation to the exercise of voting rights.

---

- DTR 5.5.1** **R** An *issuer* of *shares* must, if it acquires or disposes of its own *shares*, either itself or through a *person* acting in his own name but on the *issuer's* behalf, make public the percentage of voting rights attributable to those *shares* it holds as a result of the transaction as a whole, as soon as possible, but not later than four *trading days* following such acquisition or disposal where that percentage reaches, exceeds or falls below the thresholds of 5% or 10% of the voting rights.

- DTR 5.5.3** **G** Additional requirements in relation to a *listed company* which purchases its own *equity shares* are contained in *UKLR 9.6.6R*.

## Section : DTR 5.6 Disclosures by issuers

---

- DTR 5.6.1** **R** An *issuer* must, at the end of each calendar month during which an increase or decrease has occurred, disclose to the public:
- (1) the total number of voting rights and capital in respect of each class of *share* which it issues. **[Note: article 15 of the TD]**; and
  - (2) the total number of voting rights attaching to *shares* of the *issuer* which are held by it in treasury.
- DTR 5.6.1A** **R**
- (1) Notwithstanding *DTR 5.6.1 R*, if a relevant increase or decrease in the total number of voting rights of the kind described in (2) occurs, an *issuer* must disclose to the public the information in *DTR 5.6.1R (1)* and (2) as soon as possible and in any event no later than the end of the *business day* following the *day* on which the increase or decrease occurs.
  - (2) For the purpose of (1), a relevant increase or decrease is any increase or decrease in the total number of voting rights produced when an *issuer* completes a transaction unless its effect on the total number of voting rights is immaterial when compared with the position before completion.
- DTR 5.6.1B** **G** In relation to the obligation in *DTR 5.6.1A R*, it is for an *issuer* to assess whether the effect on the total number of voting rights is immaterial. In the *FCA's* view an increase or decrease of 1% or more is likely to be material, both to the *issuer* and to the public.
- DTR 5.6.1C** **R** *DTR 5.6.1R* does not apply to a third-country *issuer* that falls within *DTR 5.11.4R*.

## Section : DTR 5.7 Notification of combined holdings

---

DTR 5.7.1

R

A *person* making a notification in accordance with *DTR 5.1.2 R* must do so by reference to each of the following:

- (1) the aggregate of all voting rights which the *person* holds as *shareholder* and as the direct or indirect holder of financial instruments falling within *DTR 5.3.1R(1)*;
- (2) the aggregate of all voting rights held as direct or indirect *shareholder* (disregarding for this purpose holdings of financial instruments); and
- (3) the aggregate of all voting rights held as a result of direct and indirect holdings of financial instruments falling within *DTR 5.3.1R(1)*. [Note: article 13a(1) of the *TD*]
- (4) [deleted]

DTR 5.7.1A

R

Voting rights relating to financial instruments within *DTR 5.3.1R(1)* that have already been notified in accordance with *DTR 5.1.2R* must be notified again when the *person* has acquired the underlying *shares* and such acquisition results in the total number of voting rights attached to *shares* issued by the same *issuer* reaching or exceeding the thresholds laid down by *DTR 5.1.2R*.

[Note: article 13a(2) of the *TD*]

DTR 5.7.2

G

The effect of *DTR 5.7.1 R* is that a *person* may have to make a notification if the overall percentage level of his voting rights remains the same but there is a notifiable change in the percentage level of one or more of the categories of voting rights held.

## Section : DTR 5.8 Procedures for the notification and disclosure of major holdings

DTR 5.8.1

R

A notification given in accordance with *DTR 5.1.2 R* shall include the following information:

- (1) the resulting situation in terms of voting rights;
- (2) the chain of *controlled undertakings* through which voting rights are effectively held, if applicable;
- (3) the date on which the threshold was reached or crossed; and
- (4) the identity of the *shareholder*, even if that *shareholder* is not entitled to exercise voting rights under the conditions laid down in *DTR 5.2.1 R* and of the *person* entitled to exercise voting rights on behalf of that *shareholder*.

DTR 5.8.2

R

(1) A notification required of voting rights arising from the holding of financial instruments must include the following information:

- (a) the resulting situation in terms of voting rights;
- (b) if applicable, the chain of *controlled undertakings* through which financial instruments are effectively held;
- (c) the date on which the threshold was reached or crossed;
- (d) for instruments with an exercise period, an indication of the date or time period where *shares* will or can be acquired, if applicable
- (e) date of maturity or expiration of the instrument;
- (f) identity of the holder; and
- (g) name of the underlying *issuer*.

(2) The notification must be made to the *issuer* of each of the underlying *shares* to which the financial instrument relates and, in the case of *shares* admitted to trading on a *regulated market*, to the *FCA*.

(3) If a financial instrument relates to more than one underlying *share*, a separate notification shall be made to each *issuer* of the underlying *shares*.

(4) [deleted]

**[Note: articles 11(3), (4) and (5) of the *TD implementing Directive* ]**

DTR 5.8.3

R

The notification to the *issuer* shall be effected as soon as possible, but not later than four *trading days* in the case of a non-UK *issuer* and two *trading days* in all other cases, after the date on which the relevant *person*:

- (1) learns of the acquisition or disposal or of the possibility of exercising voting rights, or on which, having regard to the circumstances, should have learned of it, regardless of the date on which the acquisition, disposal or possibility of exercising voting rights takes effect; or
- (2) is informed about the event mentioned in *DTR 5.1.2 R (2)*.

And for the purposes of (1) above a *person* shall, in relation to a transaction to which he is a party or which he has instructed, be deemed to have knowledge of the acquisition, disposal

or possibility to exercise voting rights no later than two trading days following the transaction in question and where a transaction is conditional upon the approval by public authorities of the transaction or on a future uncertain event the occurrence of which is outside the control of the parties to the agreement, the parties are deemed to have knowledge of the acquisition, disposal or possibility of exercising voting rights only when the relevant approvals are obtained or when the event happens.

**[Note: articles 12(1), and 12(2) of the TD and article 9 of the *TD implementing Directive* ]**

DTR 5.8.4

R

- (1) The notification obligation following transactions of a kind mentioned in *DTR 5.2.1 R* are individual obligations incumbent upon each direct *shareholder* or indirect *shareholder* mentioned in *DTR 5.2.1 R* or both if the proportion of voting rights held by each party reaches, exceeds or falls below an applicable threshold.
- (2) In the circumstances in *DTR 5.2.1 R* Case (h) if a *shareholder* gives the proxy in relation to one shareholder meeting, notification may be made by means of a single notification when the proxy is given provided it is made clear in the notification what the resulting situation in terms of voting rights will be when the proxy may no longer exercise the voting rights discretion.
- (3) If in the circumstances in *DTR 5.2.1 R* Case (h) the proxy holder receives one or several proxies in relation to one *shareholder* meeting, notification may be made by means of a single notification on or after the deadline for receiving proxies provided that it is made clear in the notification what the resulting situation in terms of voting rights will be when the proxy may no longer exercise the voting rights at its discretion.
- (4) When the duty to make notification lies with more than one *person*, notification may be made by means of a single common notification but this does not release any of those persons from their responsibilities in relation to the notification.

**[Note: article 8 of the *TD implementing Directive* ]**

DTR 5.8.5

G

It may be necessary for both the relevant *shareholder* and proxy holder to make a notification. For example, if a direct holder of shares has a notifiable holding of voting rights and gives a proxy in respect of those rights (such that the recipient has discretion as to how the votes are cast) then for the purposes of *DTR 5.1.2 R* this is a disposal of such rights giving rise to a notification obligation. The proxy holder may also have such an obligation by virtue of his holding under *DTR 5.2.1 R*. Separate notifications will not however be necessary provided a single notification (whether made by the direct holder of the *shares* or by the proxy holder) makes clear what the situation will be when the proxy has expired. Where a proxy holder receives several proxies then one notification may be made in respect of the aggregated voting rights held by the proxy holder on or as soon as is reasonably practicable following the proxy deadline. Unless it discloses what the position will be in respect of each proxy after the proxies have expired, such a notification will not relieve any direct holder of the *shares* of its notification obligation (if there is a notifiable disposal). A proxy which confers only minor and residual discretions (such as to vote on an adjournment) will not result in the proxy holder (or *shareholder*) having a notification obligation.

DTR 5.8.6

R

An undertaking is not required to make a notification if instead it is made by its *parent*

*undertaking* or, where the *parent undertaking* is itself a *controlled undertaking*, by its own *parent undertaking*.

**[Note: article 12(3) of the TD ]**

DTR 5.8.7

R

Voting rights must be calculated on the basis of all the *shares* to which voting rights are attached even if the exercise of such rights is suspended and shall be given in respect of all *shares* to which voting rights are attached.

**[Note: article 9(1) of the TD ]**

DTR 5.8.8

R

The number of voting rights to be considered when calculating whether a threshold is reached, exceeded or fallen below is the number of voting rights in existence according to the *issuer's* most recent disclosure made in accordance with *DTR 5.6.1 R* and *DTR 5.6.1A R* but disregarding voting rights attached to any treasury *shares* held by the *issuer* (in accordance with the *issuer's* most recent disclosure of such holdings).

**[[Note: article 9(2) of the TD and article 11(3) of the TD implementing Directive]**

DTR 5.8.10

R

A notification in relation to *shares* admitted to trading on a *regulated market*, must be made using the form TR1 available in electronic format at the *FCA's* website at <http://www.fca.org.uk>.

DTR 5.8.11

R

In determining whether a notification is required a *person's* net (direct or indirect) holding in a *share* (and of relevant financial instruments) may be assessed by reference to that *person's* holdings at a point in time up to midnight of the day for which the determination is made (taking account of acquisitions and disposals executed during that day).

DTR 5.8.12

R

(1) An *issuer* not falling within (2) must, in relation to *shares* admitted to trading on a *regulated market*, on receipt of a notification as soon as possible and in any event by not later than the end of the *trading day* following receipt of the notification make public all of the information contained in the notification.

(2) A non-UK issuer and any other *issuers* whose *shares* are admitted to trading on a *prescribed* (but not a *regulated*) *market* must, on receipt of a notification, as soon as possible and in any event by not later than the end of the third *trading day* following receipt of the notification, make public all of the information contained in the notification.

(3) *DTR 5.8.12R(2)* does not apply to a third country *issuer* that falls within *DTR 5.11.4R*.

**[Note: article 12(6) of the TD ]**

---

DTR 5.9.1

R

(2) The information to be filed with the *FCA* must include a contact address of the *person* making the notification (but such details must be in a separate annex and not included on the form which is sent to the *issuer*).

## Section : DTR 7.3 Related party transactions

---

### Transaction

---

DTR 7.3.1

R

A reference in this section:

- (1) to a transaction or arrangement by an *issuer* includes a transaction or arrangement by its *subsidiary undertaking*; and

[Note: article 9c(7) of the *Shareholder Rights Directive*]

### Definition of related party

---

DTR 7.3.2

R

In *DTR*, a “*related party*” has the meaning in *UK-adopted IFRS*.

[Note: article 2(h) of the *Shareholder Rights Directive*]

### Definition of related party transaction

---

DTR 7.3.3

R

In *DTR*, a “*related party transaction*” means:

- (1) a transaction (other than a transaction in the ordinary course of business and concluded on normal market terms) between an *issuer* and a *related party*; or
- (2) an arrangement (other than an arrangement in the ordinary course of business and concluded on normal market terms) pursuant to which an *issuer* and a *related party* each invests in, or provides finance to, another undertaking or asset; or

[Note: article 9c(5) of the *Shareholder Rights Directive*]

DTR 7.3.4

R

An *issuer* must establish and maintain adequate procedures, systems and controls to enable it to assess whether a transaction or arrangement with a *related party* is in the ordinary course of business and has been concluded on normal market terms. An *issuer* must ensure that the *related party* and any person who is an *associate*, *director* or *employee* of the *related party* does not take part in any such assessment.

[Note: article 9c(5) of the *Shareholder Rights Directive*]

### Transactions to which this section does not apply

---

DTR 7.3.5

R

*DTR 7.3.8R* does not apply to any *related party transaction* which is:

- (1) a transaction or arrangement between the *issuer* and its *subsidiary undertaking* provided that:
  - (a) the *subsidiary undertaking* is wholly owned; or
  - (b) no other *related party* of the *issuer* has an interest in the *subsidiary undertaking*; or

(2) a transaction or arrangement regarding remuneration, or certain elements of remuneration, of a *director* of the *issuer*, where the remuneration to be awarded or due to the *director* is in accordance with the *issuer's* directors' remuneration policy as approved by the shareholders of the *issuer* in accordance with *section 439A* of the Companies Act 2006 and paid in accordance with *section 226B* of the Companies Act 2006; or

[Note: article 9c(6) of the *Shareholder Rights Directive*]

## Material related party transactions

---

DTR 7.3.6

G

Whether a *related party transaction* is a *material related party transaction* is determined by assessing its size relative to that of the *issuer* proposing to make it. The comparison of size is made by using the *percentage ratios* resulting from applying the *related party test* calculations to a transaction or arrangement. The *related party tests* are set out in *DTR 7 Annex 1*.

[Note: article 9c(1) of the *Shareholder Rights Directive*]

DTR 7.3.7

R

In *DTR*:

(1) "*percentage ratio*" means (in relation to a transaction or arrangement) the figure, expressed as a percentage, that results from applying a calculation under a *related party test* to the transaction or arrangement;

(2) "*related party tests*" means the tests set out in *DTR 7 Annex 1*, which are used to determine whether a transaction or arrangement is a *material related party transaction*; and

(3) "*material related party transaction*" means a *related party transaction* where any *percentage ratio* is 5% or more.

[Note: article 9c(1) of the *Shareholder Rights Directive*]

## Requirements for material related party transactions

If an *issuer* enters into a *material related party transaction*, the *issuer* must:

(1) no later than the time when the terms of the transaction or arrangement are agreed, publish an announcement on a *RIS* which sets out:

(a) the nature of the *related party* relationship;

(b) the name of the *related party*;

(c) the date and the value of the transaction or arrangement; and

(d) any other information necessary to assess whether the transaction or arrangement is fair and reasonable from the perspective of the *issuer* and of the shareholders who are not a *related party*, including minority shareholders;

(2) obtain the approval of its board for the transaction or arrangement before it is entered into; and

(3) ensure that any *director* who is, or an *associate* of whom is, the *related party*, or who is a *director* of the *related party*, does not take part in the board's consideration of the transaction or arrangement and does not vote on the relevant board resolution.

[**Note:** article 9c(2) and 9c(4) of the *Shareholder Rights Directive*]

DTR 7.3.9

R

If, after obtaining board approval but before the completion of a *material related party transaction*, there is a material change to the terms of the transaction or arrangement, the *issuer* must comply again separately with *DTR 7.3.8R* in relation to the transaction or arrangement.

DTR 7.3.10

G

The *FCA* would (amongst other things) generally consider an increase of 10% or more in the consideration payable to be a material change to the terms of the transaction.

DTR 7.3.12

G

*DTR 7.3.8R* applies to the variation or novation of an existing agreement between the *issuer* and a *related party* whether or not, at the time the original agreement was entered into, that party was a *related party*.

### Aggregation of transactions in any 12-month period

---

DTR 7.3.13

R

(1) If an *issuer* enters into transactions or arrangements with the same *related party* (and any of its *associates*) in any 12-month period, and the *issuer* has not been required to comply with *DTR 7.3.8R* in respect of the transactions or arrangements, the transactions or arrangements must be aggregated.

(2) If any *percentage ratio* is 5% or more for the aggregated transactions or arrangements, the *issuer* must comply with *DTR 7.3.8R* in respect of each of the aggregated transactions or arrangements.

[**Note:** article 9c(8) of the *Shareholder Rights Directive*]

### Compliance with the disclosure requirements

---

DTR 7.3.14

G

An *issuer* should consider its obligations under the *disclosure requirements* in relation to a *related party transaction*.

[**Note:** article 9c(9) of the *Shareholder Rights Directive*]

## Section : DTR 7 Annex 1 The related party tests

DTR 7 Annex 1

- (2) the profits test;
- (3) the consideration test; and
- (4) the gross capital test.

### The gross assets test

DTR 7 Annex 2

R

(1) The gross assets test is calculated by dividing the gross assets the subject of the transaction by the gross assets of the *issuer*.

(2) The “gross assets” of the *issuer* means the total non-current assets, plus the total current assets, of the *issuer*.

(3) For:

- (a) an acquisition of an interest in an undertaking which will result in consolidation of the assets of that undertaking in the accounts of the *issuer*; or
- (b) a disposal of an interest in an undertaking which will result in the assets of that undertaking no longer being consolidated in the accounts of the *issuer*,

the “gross assets the subject of the transaction” means the value of 100% of that undertaking’s assets irrespective of what interest is acquired or disposed of.

(4) For an acquisition or disposal of an interest in an undertaking which does not fall within paragraph (3), the “gross assets the subject of the transaction” means:

- (a) for an acquisition, the consideration together with liabilities assumed (if any); and
- (b) for a disposal, the assets attributed to that interest in the *issuer’s* accounts.

(5) If there is an acquisition of assets other than an interest in an undertaking, the “assets the subject of the transaction” means the consideration or, if greater, the book value of those assets as they will be included in the *issuer’s* balance sheet.

(6) If there is a disposal of assets other than an interest in an undertaking, the assets the subject of the transaction means the book value of the assets in the *issuer’s* balance sheet.

DTR 7 Annex 3

G

The *issuer* should consider, when calculating the assets the subject of the transaction, whether further amounts, such as contingent assets or arrangements referred to in *UKLR 7.4.1R* (indemnities and similar arrangements), should be included to ensure that the size of the transaction is properly reflected in the calculation.

### The profits test

DTR 7 Annex 4

R

(1) The profits test is calculated by dividing the profits attributable to the assets the subject of the transaction by the profits of the *issuer*.

- (2) For the purposes of paragraph (1), “profits” means:
- (a) profits after deducting all charges except taxation; and
  - (b) for an acquisition or disposal of an interest in an undertaking referred to in paragraph 2R(3)(a) or (b), 100% of the profits of the undertaking (irrespective of what interest is acquired or disposed of).
- (3) If the acquisition or disposal of the interest will not result in consolidation or deconsolidation of the target then the profits test is not applicable.

DTR 7 Annex 5

G

The amount of loss is relevant in calculating the impact of a proposed transaction under the profits test. An *issuer* should include the amount of the losses of the *issuer* or target, i.e. the *issuer* should disregard the negative when calculating the test.

#### The consideration test

DTR 7 Annex 6

R

- (1) The consideration test is calculated by taking the consideration for the transaction as a percentage of the aggregate market value of all the ordinary shares (excluding *treasury shares*) of the *issuer*.
- (2) For the purposes of paragraph (1):
- (a) the consideration is the amount paid to the contracting party;
  - (b) if all or part of the consideration is in the form of *securities* to be traded on a market, the consideration attributable to those *securities* is the aggregate market value of those *securities*; and
  - (c) if deferred consideration is or may be payable or receivable by the *issuer* in the future, the consideration is the maximum total consideration payable or receivable under the agreement.
- (3) If the total consideration is not subject to any maximum (and the other *related party tests* indicate the transaction to be a transaction where all the *percentage ratios* are less than 5%) the transaction is to be treated as a *material related party transaction*.
- (4) For the purposes of sub-paragraph (2)(b), the figures used to determine consideration consisting of:
- (a) *securities* of a class already *admitted to trading*, must be the aggregate market value of all those *securities* on the last *business day* before the announcement; and
  - (b) a new class of *securities* for which an application for *admission to trading* will be made, must be the expected aggregate market value of all those *securities*.
- (5) For the purposes of paragraph (1), the figure used to determine market capitalisation is the aggregate market value of all the ordinary *shares* (excluding *treasury shares*) of the *issuer* at the close of business on the last *business day* before the announcement.

DTR 7 Annex 7

G

The *issuer* should consider whether further amounts should be included in the calculation of

the consideration to ensure that the size of the transaction is properly reflected in the calculation. For example, if the purchaser agrees to discharge any liabilities, including the repayment of inter-company or third-party debt, whether actual or contingent, as part of the terms of the transaction.

### The gross capital test

DTR 7 Annex 8

R

- (1) The gross capital test is calculated by dividing the gross capital of the company or business being acquired by the gross capital of the *issuer*.
- (2) The test in paragraph (1) is only to be applied for an acquisition of a *company* or business.
- (3) For the purposes of paragraph (1), the “gross capital of the *company* or business being acquired” means the aggregate of:
  - (a) the consideration (as calculated under paragraph 6R);
  - (b) if a *company*, any of its *shares* and *debt securities* which are not being acquired;
  - (c) all other liabilities (other than current liabilities) including for this purpose minority interests and deferred taxation; and
  - (d) any excess of current liabilities over current assets.
- (4) For the purposes of paragraph (1), the “gross capital of the *issuer*” means the aggregate of:
  - (a) the market value of its *shares* (excluding *treasury shares*) and the issue amount of the *debt security*;
  - (b) all other liabilities (other than current liabilities), including for this purpose minority interests and deferred taxation; and
  - (c) any excess of current liabilities over current assets.
- (5) For the purposes of paragraph (1):
  - (a) figures used must be, for *shares* and *debt security* aggregated for the purposes of the gross capital percentage ratio, the aggregate market value of all those shares (or if not available before the announcement, their nominal value) and the issue amount of the *debt security*; and
  - (b) for *shares* and *debt security* aggregated for the purposes of paragraph (3)(b), any *treasury shares* held by the *company* are not to be taken into account.

### Figures used to classify assets and profits

DTR 7 Annex 9

R

- (1) For the purposes of calculating the tests in this Annex, except as otherwise stated in paragraphs (2) to (7), the figures used to classify assets and profits must be the figures shown in the latest published audited consolidated accounts or, if an *issuer* has, or will have, published a preliminary statement of later annual results at the time the terms of a transaction are agreed, the figures shown in that preliminary statement.
- (2) If a balance sheet has been published in a subsequently published interim

statement then gross assets and gross capital should be taken from the balance sheet published in the interim statement.

(3)

(a) The figures of the *issuer* must be adjusted to take account of transactions completed during the period to which the figures referred to in (1) or (2) relate, and subsequent completed transactions where any *percentage ratio* was 5% or more at the time the terms of the relevant transaction were agreed, provided that for such subsequent completed transactions the figures for the transactions are reasonably available to the *issuer*.

(b) The figures of the target company or business must be adjusted to take account of transactions completed during the period to which the figures referred to in (1) or (2) relate, and subsequent completed transactions where any *percentage ratio* was 5% or more at the time the terms of the relevant transaction were agreed, provided that for such subsequent completed transactions the figures for the transactions are reasonably available to the target.

(4) Figures on which the auditors are unable to report without modification must be disregarded.

(5) When applying the *percentage ratios* to an acquisition by a *company* whose assets consist wholly or predominantly of cash or short-dated *securities*, the cash and short-dated *securities* must be excluded in calculating its assets and market capitalisation.

(6) The principles in this paragraph also apply (to the extent relevant) to calculating the assets and profits of the target company or business.

DTR 7 Annex 10

G

The *FCA* may modify paragraph 9R(4) in appropriate cases to permit figures to be taken into account.

#### **Anomalous results**

DTR 7 Annex 11

G

If a calculation under any of the *related party tests* produces an anomalous result, or if a calculation is inappropriate to the activities of the *issuer*, the *FCA* may modify the relevant *rule* to substitute other relevant indicators of size, including industry-specific tests.

#### **Adjustments to figures**

DTR 7 Annex 12

G

Where an *issuer* wishes to make adjustments to the figures used in calculating the *related party tests* pursuant to 11G they should discuss this with the *FCA* before the *related party tests* crystallise.

#### **The profits test: anomalous results**

DTR 7 Annex 13

R

Paragraph 14R applies to an *issuer* where the calculation under the profits test produces a *percentage ratio* of 5% or more and this result is anomalous.

DTR 7 Annex 14

R

An *issuer* may, where each of the other applicable *percentage ratios* are less than 5%,

disregard the profits test for the purposes of classifying the transaction.
